---

## WORK EXPERIENCE

Pixelvide | Feb 2025 - May 2025

### SDE Intern

- Trained in full-stack development, working on both frontend and backend modules.
- Wrote and debugged code while following version control and deployment best practices.
- Collaborated with senior developers in an Agile environment, gaining hands-on experience in real-world projects

---

## PROJECTS

### Netflix Portfolio | React.js, Bootstrap [link](#)

- Designed a personal portfolio website with a Netflix-inspired UI.
- Showcased projects, skills, and experience with engaging visual presentation.
- Used React components and Bootstrap to create a responsive, user-friendly design.

### Ascent | React.js, Next.js, Express.js, PostgreSQL, Tailwind [link](#)

- Built a job tracking web application with drag-and-drop UI for managing job applications.
- Designed an analytics dashboard with graphs and pie charts to visualize job status, rejection, ongoing, and success rate.
- Implemented secure backend using Express.js with PostgreSQL integration.
- Developed responsive UI with Tailwind CSS ensuring a smooth user experience across devices.
